CHOCOLATE

The big chocolate variety, all of course organic + fair

We love innovation, variety & sustainability. In 1992, the very first hand-scooped chocolates were created, and the way we manufactured them was completely novel. We did away with the customary moulds and instead brushed the chocolate and the fillings onto long tracks by hand, layer by layer, developing innovative new flavours and combining classic ones for all-new taste explosions. The 70-gram bar format was also new, and so were Andreas H. Gratze's beautiful wrapper designs – small pieces of art that stand out thanks to their humour and stylistic virtuosity. All of these factors combined have made our hand-scooped chocolates so unique to this day.

Hand-scooped chocolates are the stars of this season again, with 10 new flavours, 7 gift chocolates and 10 new, small, hand-scooped Chocolate Minis. This time, we're focusing on texture. **The motto: let's get crackling!** Many of the new flavours are tender-melting and crispy-crackly, featuring waffle brittle and crunchy delicacies like "Caramel Praline Crunch", "Cherry & Nut Waffle", "Waffle Brittle", "Cheesecake" with a crispy biscuit layer and "Peanut Caramel" with whole, crunchy peanuts. We've also got some super soft vegan caramel – our "Tangerine Tonka Caramel". The Labooko range features all-new pure and vegan caramel bars as well as new vegan Drinking Chocolates, and the ever-popular pumpkin spice flavour as a Drinking Chocolate, created with homemade pumpkin seed praline. Fans of baking will love our small Choco Drops in 3 flavours, and the Chocolate 5.0 is the spectacular opening to our 50-g format chocolate range: a pure chocolate with a fruity touch and hints of praline in 4 flavours: "Cash Berry", "Happy Peppi", "Sansi Bar" and "Xoki Toki".

All in all, we produce more than 500 different chocolate flavours, because we love variety: hand-scooped chocolates, pure Labookos, Drinking Chocolates, fine flavour Light Bulb couvertures, brightly decorated Mitzi chocolate discs, balleros chocolate-covered fruit and nuts, and much, much more. Around 220 humans are employed at our family business, working by hand to make all those sweet chocolate dreams a reality.

Let's make chocolate!

INNOVATION & CRAFTSMANSHIP

We have developed lots of new chocolate delicacies and bonbon artwork and we are happy to have 220 employees who give it their all every single day to make your sweet, chocolatey dreams a reality.

We love developing new chocolates, and we're passionate about doing our research diligently. At our bean-to-bar chocolate factory, we create each chocolate from the cacao bean to the finished, delicious chocolate bar, using only fair traded, organic cacao beans of the highest quality. We regularly travel to cacao growing countries – recently we visited Tanzania and Uganda – in order to meet our cacao suppliers.

Our family business counts among the most sustainable companies in Austria. The production line is entirely organic and fair quality, because we care what happens to people and our environment. Our production is powered by 100% green energy, we use environmentally friendly packaging, and our employees are offered a free, organic and delicious breakfast, lunch menu, holiday childcare and much more.

Don't panic ... it's all organic!

THE FILLED CHOCOLATE WONDERS – THE ORIGINAL

Hand-scooped is a mixture of inventiveness and manual work. The hand-scooped chocolates are filled chocolates. The fillings are spread in layers on long tracks. During this process up to 6 different layers are combined and coated all around with chocolate. By combining different ingredients such as marzipan and cherry brandy, something new is created all the time – ideally a flavour explosion. Thanks to the wonderful compositions of taste and their unique design the hand-scooped chocolates have turned into a cult.

DRINKING CHOCOLATE

The Big Bang of the Chocolate Culture

Xocolatl was the liquid gold of the Incas, Mayas and Aztecs. Josef Zotter revitalises the origin of the chocolate culture and composes innovative variations of Drinking Chocolates that bathe in hot milk in the form of small chocolate bars. The hot drinks are available in many varieties and colours. And in summer one can also enjoy the Drinking Chocolates on ice, as cold drinks. We offer pretty drinking sets for the perfect presentation.

110 g packages containing 5 x 22 g bars
Available in 17 varieties + 4 variations

Mixed: Heat up 200-300ml of milk or plant-based alternative for each bar of Drinking Chocolate. Combine the chocolate and the liquid, mix well using a food processor or a hand mixer and your chocolate smoothie will be ready in no time!

Stirred: Heat up 200-300ml of milk or plant-based alternative. Add a bar of Drinking Chocolate to the liquid and let it steep for 1-2 minutes, then whisk until the bar is dissolved. Let the drink sit for another 1-2 minutes to allow all the flavours to infuse before giving it another good whisk. Enjoy!

PURE CHOCOLATE VARIETY!

Rare cacao varieties from 5 countries.
Limited Edition

Single origin chocolates, caramel bars, fruit bars and many more...

The Labooko range features fine flavour cacao from the best cacao growing regions in the world. Each chocolate contains a rare cacao variety with a vivid history, from the Maya cacao grown in Belize and Guatemala to Dominican cacao harvested in a nature reserve. Cacao is a tool for environmental conservation, it thrives as a mixed crop and in the middle of the rain forest, and it also safeguards the traditional life of indigenous people as well as guaranteeing a decent income for them.

Every year, we offer a new 72% Opus – a top cuvée featuring rare cacao varieties hailing from five different countries.

We buy all raw materials in fair trade and organic quality and process them directly in-house, bean-to-bar. We roast, grind, roll and conche with great precision and develop individually processed chocolates for you.

Flavour profile

Each Labooko features a brief flavour profile on the back and an extensive one on the inside of the wrapper.

THE TENDER-MELTING CHOCOLATE & PRALINE DUO WITH A CRUNCH

On the outside, a chocolate shell or colourful fruit couverture, which we create at our chocolate factory, fruit-to-bar, from a piece of fruit to the finished delicacy. The stunning colours are derived entirely naturally from berries and other fruit. On the inside, there are homemade praline variations, which we produce, nut-to-bar, from freshly roasted nuts, pure cocoa butter and a bit of delicious chocolate. You can immediately taste the sublime nut quality and high nut ratio. The whole thing is enhanced with many chopped nuts and crispy bits of fruit for a tasty crunch. For all those who like it fruity, nutty, with a tender melt.

THE FUSION

THE FUSION OF CHOCOLATE & FRUIT

A new, unprecedented level of chocolate – sublime, tender-melting and refreshingly fruity!

We fuse chocolate – bean-to-bar – with genuine berries and other fruit. Enjoy exquisitely dark chocolate with a fresh lemon flavour, milk chocolate with notes of raspberry, dark chocolate with tangy notes of sour cherry and much more. The chocolate flavour is always dominant but there's a fruity surprise alongside a fabulous melt thanks to the high cocoa butter content.

The Inspiration

Cacao naturally has a wide range of fruit and lemon aromas. Because nature is amazing, we want to emulate her, and that's how we got the idea to enhance the cacao bean's natural aroma profile with genuine berries and other fruit.

The Fusion is made for pure chocolate aficionados, but it's pretty popular even with those who don't usually gravitate towards dark, more bitter chocolates.

Finally, Zotter's praline bar has arrived:

a soft, homemade praline with fine bits of nut, covered in chocolate. Great for when you're on the go, perfectly portioned as a mini snack for nut fans big and small. Created nut-to-bar, from the original nut to the finished product, at Zotter's chocolate factory and featuring a super cute animal design. We use only the finest nuts for a high nut content, organic Tyrolean mountain milk, valuable raw cane sugar and pure cocoa butter, as always entirely without palm oil. Our environmentally friendly packaging is made from paper with an bioplastic coating.

The return of the coffee couverture coat!

Whole hazelnuts on a homemade almond praline with a pinch of salt manage the trick of being a delicious praline that's not too sweet. The caffeinated guarana in the almond praline and the homemade coffee couverture coat ensure a proper boost of energy, and the coffee was created at our in-house coffee roastery using fair traded organic beans. The silhouette of the mountains made of nuts sticking out of the chocolate inspired the name "Nutting Hill", our praline snack with crunchy, nutty peaks.
